

How to Install LED Mirror in Your Bathroom

1

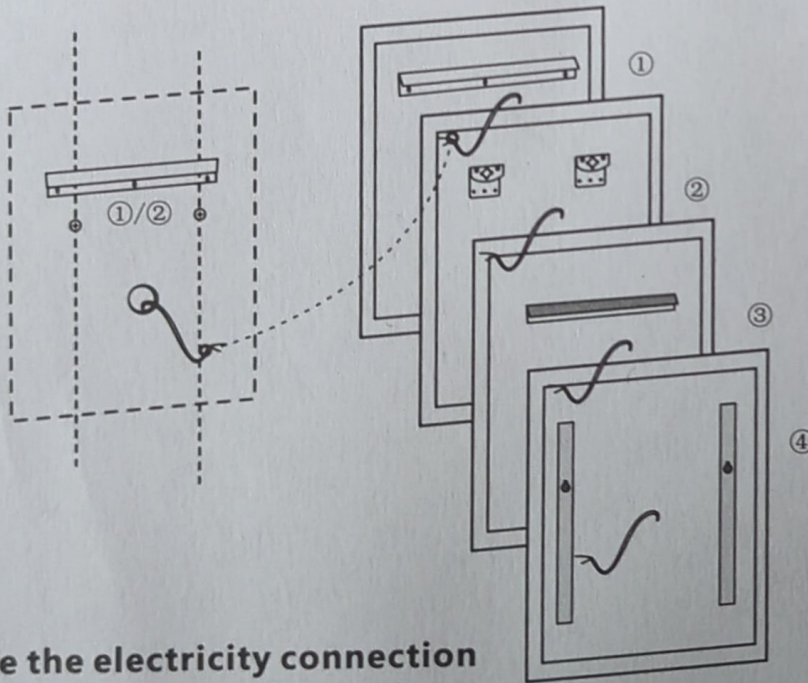

Place the mirror on the wall to **mark the points** where you will install the hooks.

2

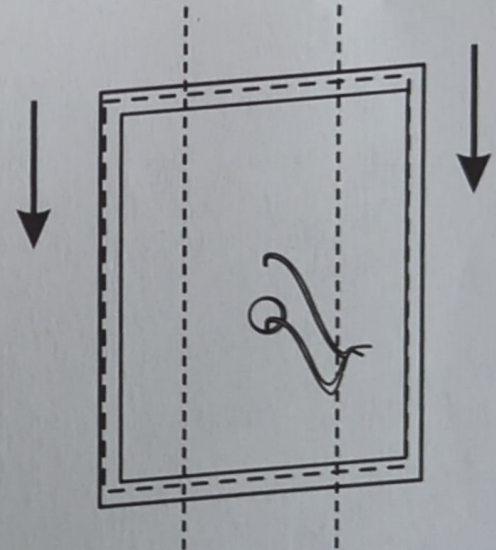

Drill on the marked points and fix the hooks using dowel and screws . ①/②

3

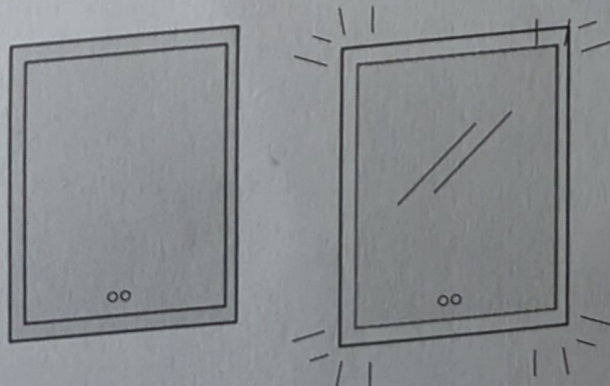

Make the electricity connection of the LED mirror and close the electrical outlet.

4

Install the mirror carefully on the wall and make sure it is fixed firmly.

5

Switch on the electric supply to test your LED mirror.
